

“TRIO - Translational Research & Immuno-Oncology 2018”

Symposium des Comprehensive Cancer Center Vienna* “Precision Medicine Meets Immunotherapy”

Date: Friday, 06. – Saturday, 07. April 2018

Venue: Kahlenberg
Kahlenberg 2-3, 1190 Vienna

Meeting Chairs:

Matthias Preusser, Michael Bergmann, Maria Sibilias

Scientific Committee:

Maria Sibilias

Christoph Zielinski

Walter Berger

Michael Gnant

Catharina Dressler

Christoph Bock

Lukas Kenner

Chairs:

Christoph Zielinski

Walter Berger

Sharokh Shariat

Christoph Bock

Michael Bergmann

Maria Sibilias

Heinz Kölbl

Markus Zeitlinger

Ursula Wiedermann

Matthias Preusser

Michael Gnant

Renate Kain

Sebastian Schoppmann

Lukas Kenner

In cooperation with the Vienna Cancer Center

Friday, 06. April 2018

9.00 - 9.05

Welcome Christoph Zielinski

9.05 - 9.20

Welcome – Rector Univ. Prof. Dr. Markus Müller

I. Tumor Immunology

9.20 -11.00 Session I Basic Research

Chair: Walter Berger, Christoph Bock

Invited Speaker 1 – 25+7' Henning Walczak, London

“Linear ubiquitin and death receptors in cell death, inflammation and immunity in cancer”

Invited Speaker 2 – 12+5' Dagmar Stoiber, Vienna

„Interferon signaling and tumor immunology“

Invited Speaker 3 – 12+5' Gernot Schabbauer, Vienna

„The tumor suppressor PTEN in myeloid cells regulates tumor immune surveillance“

Invited Speaker 4 – 12+5' Maria Sibilica, Wien

“EGFR: a journey from basic research to translation”

Invited Speaker 5 – 12+5' Dietmar Herndler-Brandstetter, Wien

"Anti-SIRPA antibody immunotherapy enhances neutrophil and macrophage anti-tumor activity in a humanized mouse model"

11.00 – 11.30 Break

11.30 – 13.10 Session II Translational Research

Chair: Michael Bergmann, Lukas Kenner

Invited Speaker 1 – 25+7' Niels Halama, Heidelberg

„Macrophages as therapeutics: re-polarization therapy in colorectal cancer“

Invited Speaker 2 – 12+5' Jerome Galon, Paris (enquired)

Invited Speaker 3 – 12+5' Rudolf Oehler, Vienna

"The immunogenicity of cell death"

Invited Speaker 4 – 12+5' Zlatko Trajanowski, Innsbruck

“Computing and probing cancer immunity”

Invited Speaker 5 – 12+5' Christoph Bock, Vienna

“Single Cell Sequencing for Immunooncology”

13.10 – 14.10 Lunch

14.10 – 15.10 KEYNOTE LECTURE Joseph Schlessinger, Yale University, USA

Chair: Maria Sibilica, Matthias Preusser

15.10 -15.40 Break

15.40 – 17.20 Session III Clinical Research

Chair: Ursula Wiedermann, Sharokh Shariat

Invited Speaker 1 – 25+7' John Haanen, Amsterdam (enquired)

Invited Speaker 2 – 12+5' Ulrich Jäger, Vienna

„CAR-T cells go clinic“

Invited Speaker 3 – 12+5' Christoph Höller, Vienna

“Novel immunotherapy combinations”

Invited Speaker 4 – 12+5' Anna Berghoff, Vienna

„Emerging biomarkers for immunotherapies of cancer“

Invited Speaker 5 – 12+5' Manuela Schmidinger, Vienna

„Immunotherapy: new hope for challenging RCC patient populations?“

17.20 -17.50 Break

17.50 Postersession with Flying Dinner

Saturday, 07. April 2018

II. Precision medicine and biomarkers

9.00 - 10.57 Session I Basic & Translational Research I

Chair: Markus Zeitlinger, Sebastian Schoppmann

Invited Speaker 1 – 25+7' Sabine Tejpar, Leuven (enquired)

Invited Speaker 2 – 12+5' Balazs Dome, Vienna

Invited Speaker 3 – 12+5' Lukas Kenner, Vienna

“Transcription factors in development of prostate cancer and ALCL”

Invited Speaker 4 – 12+5' Gerda Egger, Vienna

“Epigenetic Biomarkers in Cancer”

Invited Speaker 5 – 12+5' Thomas Wiesner, Vienna

„Genetic changes in Adnextumors”

Invited Speaker 6 – 12+5' Walter Berger, Vienna

“TERT promoter mutations as prognostic factors in brain tumors”

10.57 – 11.30 Break

11.30 – 13.10 Session II Basic & Translational Research II

Chair: Renate Kain, Michael Gnant

Invited Speaker 1 – 25+7' Giulio Superti-Furga, Vienna

„The interface between chemistry and biology: membrane transporters“

Invited Speaker 2 – 12+5' Philipp Hofer, Vienna

“Contributions of Clinical Pathology to Precision Medicine”

Invited Speaker 3 – 12+5' Michael Speicher, Graz

“The impact of liquid biopsies on precision medicine“

Invited Speaker 4 – 12+5' Dietmar Pils, Vienna

“Evidence for a Direct Link between Metabolomics, Epigenetic Remodeling, Inflammation and Outcome in Cancer”

Invited Speaker 5 – 12+5' Robert Zeillinger, Vienna

“New diagnostic concepts for detection and molecular characterization of ovarian cancer and premalignant lesions”

13.10 -14.10 Lunch

14.10 – 15.50 Session III Basic & Clinical Research III

Chair: Christoph Zielinski, Heinz Kölbl

Invited Speaker 1 – 25+7' Lukas Huber, Innsbruck (enquired)

Invited Speaker 2 – 12+5' Philipp Staber, Vienna

“The EXALT trial: A functional precision medicine approach to haematological malignancies”

Invited Speaker 3 – 12+5' Gerald Prager, Vienna

“EXACT Studie”

Invited Speaker 4 – 12+5' Martin Filipits, Vienna

“Liquid biopsy in EGFR-mutated advanced NSCLC”

Invited Speaker 5 – 12+5' Alexander Haug, Vienna (Imaging)

“From targets to imaging”

15.50 – 16.00 Wrap up

Finish
