BIC-Code: GIBAATWW
Payment reference: KO71500002

Organisation

Florian Fitzal, Breast Health Center, Medical University of Vienna / Vienna General Hospital, Austria

Michael Gnant, Breast Health Center, Medical University of Vienna / Vienna General Hospital, Austria

Farid Moifar, Hospital of the Sisters of Charity, Linz, Austria

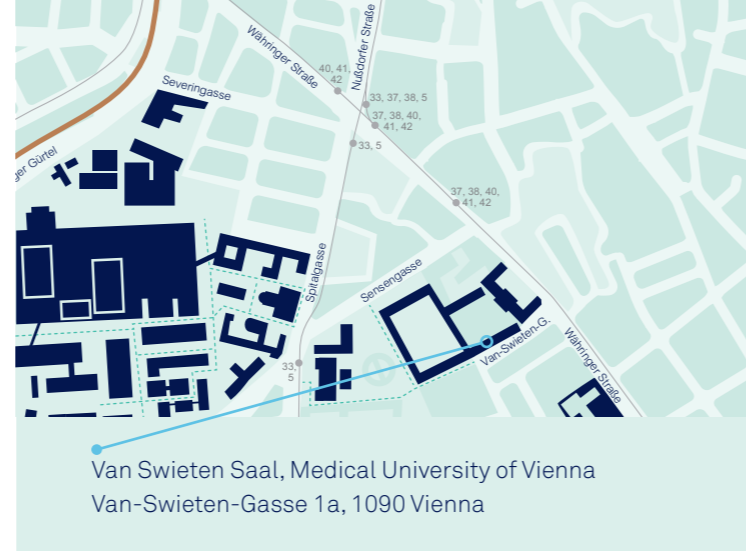

In collaboration with

COMPREHENSIVE CANCER CENTER VIENNA
Breast Health Center (CCC-BGZ)

With the kind support of

Van Swieten Saal, Medical University of Vienna
Van-Swieten-Gasse 1a, 1090 Vienna

4.00 – 4.15 pm

Session 6

Surgery of the primary in stage IV

Chair: Peter Dubsy, Klinik St. Anna, Luzern, Switzerland

Surgery in stage IV: Hype or Hope

Michael Knauer, Kantonsspital St. Gallen, Switzerland

4.15 – 4.30 pm

Faculty Discussion: Optimal local therapy in stage IV

Peter Dubsy, Klinik St. Anna, Luzern, Switzerland
Günther Steger, Medical University of Vienna / Vienna General Hospital, Austria
Michael Knauer, Kantonsspital St. Gallen, Switzerland
Tari King, Dana-Farber/Brigham and Women's Cancer Center, Boston, USA

4.30 – 5.20 pm

Session 7

Mastectomy and Reconstruction: How I do it

Chair: Michael Knauer, Kantonsspital St. Gallen, Switzerland
Christian Singer, Medical University of Vienna / Vienna General Hospital, Austria

Incisions for SSM/NSM and safety data

Florian Fitzal, Medical University of Vienna / Vienna General Hospital, Austria

Reconstruction – How I do it

Peter Schrenk, Johannes Kepler University Linz, Austria

Reconstruction – How I do it

Rupert Koller, Wilhelminenspital Vienna, Austria

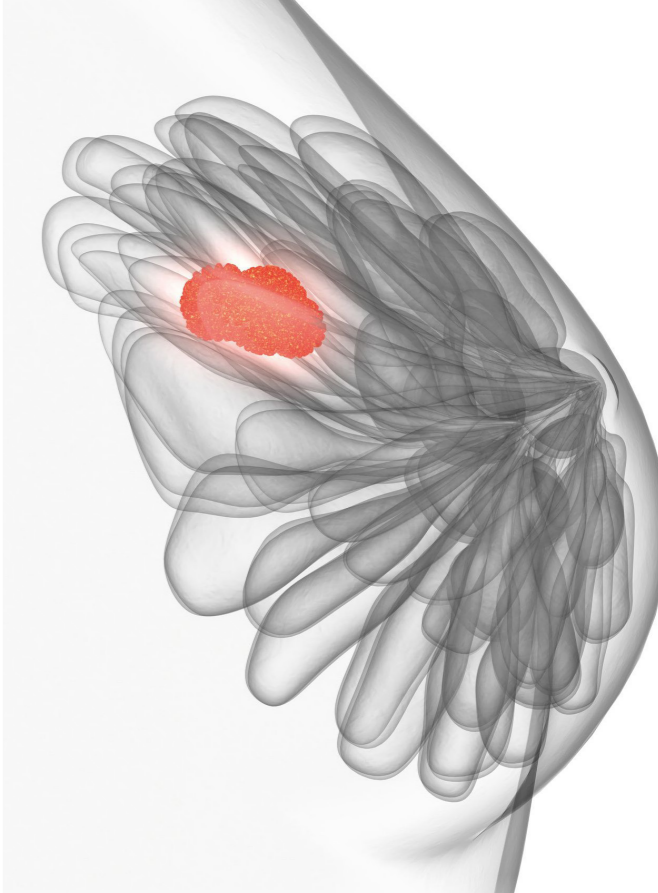

Reconstruction – How I do it

Klaus Schröngendorfer, Medical University of Vienna / Vienna General Hospital, Austria

Reconstruction – How I do it

Jian Farhadi, Guy's and St Thomas' Hospital, London, UK

Closing remarks

Invitation 3rd Vienna Breast Surgery Day

Local Therapy: DCIS and Stage IV

14th March 2017

Medical University of Vienna, Van Swieten Saal,
Van-Swieten-Gasse 1a, 1090 Vienna, Austria

www.ccc.ac.at

This event will be approved by the Austrian Medical Chamber with 7 DFP-Points and also be approved by the European Accreditation Council for Continuing Medical Education (EACCME)

COMPREHENSIVE CANCER CENTER VIENNA

Dear Colleagues,

The 3rd Vienna Breast Surgery Day focuses on two main topics: ductal carcinoma in-situ (DCIS) and the operation of stage-IV tumours. 30 percent of all breast operations are due to DCIS, and the mastectomy rates are even higher than those with invasive carcinoma.

The word “carcinoma” in DCIS gives many women an unnecessary shock. As DCIS does not cause metastases and can be cured, many experts would like to rename the disease. In addition to finding a less frightening term for DCIS, we should consider whether women are being over-treated and rethink our therapy approach.

Research data appear inconclusive about whether surgery is necessary for stage-IV tumours. We will discuss new prospective data coming from Canada, the US, and Europe, to help us determine future treatment.

We will discuss these topics with internationally-renowned experts and speakers, who are also speaking at the St. Gallen Breast Cancer Conference.

We look forward to welcoming you to the 3rd Vienna Breast Surgery Day.

Yours sincerely,

Florian Fitzal and Michael Gnant, Breast Health Center, Medical University of Vienna / Vienna General Hospital, Comprehensive Cancer Center Vienna

Farid Moinfar, Hospital of the Sisters of Charity, Linz, Austria

Programme

8.00 am
Admission

8.00 – 8.40 am
Registration and Viennese breakfast

8.40 – 8.45 am
Welcome Address
Christoph Zielinski, Medical University of Vienna / Vienna General Hospital, Austria

8.45 – 9.00 am
Presentation of the Faculty Board
Florian Fitzal, Medical University of Vienna / Vienna General Hospital, Austria

9.00 – 10.15 am
Session 1
Is DCIS a true cancer?
Chair: Fattaneh A. Tavassoli, Yale University Medical School, New Haven, USA
Giuseppe Viale, University of Milan, Italy

Ductal intraepithelial neoplasia
Farid Moinfar, Hospital of the Sisters of Charity, Linz, Austria

Is DCIS a true cancer: long-term outcome
Fattaneh A. Tavassoli, Yale University Medical School, New Haven, USA

Faculty Discussion: Terminology
Fattaneh A. Tavassoli, Yale University Medical School, New Haven, USA
Michael Gnant, Medical University of Vienna / Vienna General Hospital, Austria
Oreste Davide Gentilini, S. Raffaele University Hospital, Milan, Italy
Giuseppe Viale, University of Milan, Italy

10.15 – 10.30 am
Coffee break I

10.30 – 11.10 am
Session 2
Treatment of DCIS: Surgical considerations
Chair: Monica Morrow, Memorial Sloan-Kettering CC, New York, USA
Raimund Jakesz, Medical University of Vienna / Vienna General Hospital, Austria

DCIS and resection margins
Monica Morrow, Memorial Sloan-Kettering CC, New York, USA

Contralateral mastectomy: hype or hope
Tari King, Dana-Farber/Brigham and Women’s Cancer Center, Boston, USA

11.10 – 11.25 am
VBSD Life-time achievement award 2017

11.25 – 11.45 am
Coffee break II

11.45 am – 12.15 pm
Session 3
Treatment of DCIS: Radio-oncological view
Chair: Roberto Orecchia, European Institute of Oncology, Milan, Italy
Felix Sedlmayer, University Clinic Salzburg, Austria

Guided Radiotherapy, not for all DCIS
Boon Chua, Breast Cancer Institute Melbourne, Australia

Radiotherapy for all DCIS patients
Felix Sedlmayer, University Hospital Salzburg, Austria

12.15 – 1.15 pm
Lunch break

1.15 – 1.45 pm
Session 4
Diagnosis of DCIS
Chair: Christian Singer, Medical University of Vienna / Vienna General Hospital, Austria
Tari King, Dana-Farber/Brigham and Women’s Cancer Center, Boston, USA

MR is important for diagnosis
Thomas Helbich, Medical University of Vienna / Vienna General Hospital, Austria

MR does not help with the surgical decision
Monica Morrow, Memorial Sloan-Kettering CC in Manhattan, New York, USA

1.45 – 2.15 pm
Faculty Discussion: Optimal local treatment
Monica Morrow, Memorial Sloan-Kettering CC in Manhattan, New York, USA
Michael Gnant, Medical University of Vienna / Vienna General Hospital, Austria
Roberto Orrechia, European Institute of Oncology, Milan, Italy
Felix Sedlmayer, Paracelsus Medical University, Salzburg, Austria

2.15 – 2.30 pm
Coffee break III

2.30 – 3.15 pm
Session 5
Treatment of DCIS: Systemic therapy
Chair: Günther Steger, Medical University of Vienna / Vienna General Hospital, Austria
Giuseppe Courigliano, European Institute of Oncology, Milan, Italy

Endocrine therapy for all Er+
Jack Cuzick, Queen Mary Institute, London, UK

No endocrine therapy at all
Christian Singer, Medical University of Vienna / Vienna General Hospital, Austria

Is lifestyle change important for prophylaxis?
Pamela Goodwin, University of Toronto, Canada

3.15 – 3.45 pm
Faculty Discussion: Optimal systemic treatment
Günther Steger, Medical University of Vienna / Vienna General Hospital, Austria
Giuseppe Curigliano, European Institute of Oncology, Milan, Italy
Farid Moinfar, Hospital of the Sisters of Charity, Linz, Austria
Rupert Bartsch, Medical University of Vienna / Vienna General Hospital, Austria

3.45 – 4.00 pm
Coffee break IV

For the remaining programme, please see the reverse.
